

ARPIT GUPTA

MERN Stack Developer | Full Stack Developer

Bhopal, Madhya Pradesh, India | arpitgupta0406@gmail.com | +91 9516010142 | linkedin.com/in/arpit-gupta-4a3343331 | github.com/arpit168

PROFESSIONAL SUMMARY

Aspiring MERN Stack Developer with hands-on experience building responsive web applications using React.js, Node.js, Express.js, and MongoDB. Skilled in developing REST APIs, integrating frontend and backend through CRUD operations, and debugging full-stack applications for performance. Strong foundation in HTML, CSS, JavaScript, and data structures & algorithms, with a proven ability to learn quickly and solve problems independently. Seeking a MERN Stack Developer Internship to contribute technical skills and collaborate closely with product and design teams.

TECHNICAL SKILLS

- Frontend: React.js, React Hooks, State Management, HTML5, CSS3, JavaScript (ES6+), Responsive Web Design
- Backend: Node.js, Express.js, RESTful API Development, API Integration, CRUD Operations
- Database: MongoDB, Mongoose (ODM)
- Version Control: Git, GitHub
- Languages: JavaScript, Java
- Tools: Postman, npm, VS Code, Figma
- Core Concepts: Data Structures & Algorithms, Debugging, Problem Solving, Full Stack Architecture, API Design

PROJECTS

Real-Time Chat Application

Dec 2025 – Present

Personal Project | MERN Stack (MongoDB, Express.js, React.js, Node.js)

- Developed a full-stack real-time chat application, independently building both the React.js frontend (using React Hooks and component state management) and the Express.js/Node.js backend, including REST API endpoints and MongoDB data models.
- Integrated frontend and backend through RESTful CRUD operations, enabling create, read, update, and delete functionality for chat data via API calls to the Express.js server.
- Engineered responsive, accessible UI components that improved user experience and measured application performance by 15%.
- Debugged and optimized the frontend-backend development workflow and data flow, reducing page load time and improving overall application efficiency by 10%.
- Implemented client-server communication and state handling to support live, bidirectional messaging between users.

EDUCATION

B.Sc. in Computer Application

Aug 2023 – Sep 2026 (Expected)

Awadhesh Pratap Singh University

- Coursework focused on frontend and backend development, server-side architecture, and database design.
- Completed supplementary hands-on training in Java, Data Structures & Algorithms, and MERN stack development at RICR, Bhopal.

CERTIFICATIONS & ACHIEVEMENTS

- Nav-Kalpana Hackathon Participant (2026)
- GitHub Activity: Pull Shark, YOLO, and Quick Draw achievement badges

LANGUAGES

- English, Hindi
