CAREER OBJECTIVE

A disciplined software development student with a strong grasp of core subjects like technical knowledge , along with growing skills in Java and Data Structures. Actively preparing for opportunities across software domains, I aim to contribute through my adaptability, logical thinking, and commitment to continuous learning in a dynamic, technology-driven environment.

ACADEMIC QUALIFICATION

Bachelor of Science | Computer Application

Sanjay Gandhi memorial college Sidhi affiliated from APS university of Rewa | 2022 – 2026

8.2 CGPA till 2nd year |Higher Secondary Education | MPBSE

Navodaya senior Secondary School Churhat | 2021-22 | Percentage -75.00%

High School Education | MPBSE |

Ajay memorial high School Churhat |2019 – 2020 | Percentage - 84.78%

CERTIFICATION

Programming using Java

Hacker Rank | Online | July 17, 2025

TECHNICAL SKILLS

Programming Languages: Java |

Mern Full Stack Web Development

Software Tools : VS Code | Eclipse IDE

SOFT SKILLS

Leadership and Team Coordination

Time Management

PROJECTS

1.Frontend Projects by using- HTML , CSS , JAVASCRIPT Team
Size: Individual

- Age Calculator , to-do list, digital clock.
- OTP Generator , jokes App.
- Whether App.

1.HALF ADDER -- FULL ADDER CIRCUIT

Team Size: 4
My Role: Circuit Designer

Technologies Used: Logic gates (XOR, AND), Breadboard, Wires

Description:

- Designed and implemented a digital Half Adder circuit using logic gates (XOR, AND).
- Analysed circuit functionality and verified outputs through truth table and simulation.
- Implemented the circuit physically on a breadboard for hands-on testing.

AREAS OF INTEREST

Web Development ||
Software Development.

HOBBIES & INTERESTS

Singing , Listening music & learning books.
